

- LEGEND**
- ★ RDCO Pits
 - MOTI Pit Locations
 - Lakes
 - RDCO Administration Boundary
- Aggregate Potential**
- High (intrusives, unsubdivided volcanics, high grade metamorphics)
 - Moderate (volcaniclastics, low to medium grade metamorphics)
 - Low (unsubdivided sedimentary)

NOTES

Base data source:
Aggregate Potential has been derived from Bedrock Geology obtained from Ministry of Energy, Mines and Natural Gas - BC Digital Geology Map 2005 (Copyright © 2005, 2007-8).
All other base data has been obtained from the Central Okanagan Regional District under their GIS data sharing site disclaimer.
