Schedule A – Annual Board Remuneration

Annual Remuneration Rates for Directors

The following remuneration is authorized by Bylaw No. 1421, a bylaw to provide for the Remuneration of Directors. The following schedule of remuneration will come into effect January 1, 2023. (Adjustments to this Schedule are subject to the provisions of the Bylaw.)

The annual remuneration for Directors includes attendance at all duly constituted Regional Board meetings, Public Hearings, and Standing Committee meetings.

Annual Remuneration

Chairperson	\$50,400.81
Vice-Chairperson (Basic remuneration plus supplement)	\$22,002.36*
Municipal Director (Basic remuneration)	\$19,602.36
Electoral Area Director (Basic remuneration plus supplement)	\$19,602.36**

Note: Annual remuneration cannot be claimed for more than one of the above categories, e.g. a chairperson or vice-chairperson is not entitled to claim for either municipal director or electoral area director annual remuneration while claiming annual remuneration for chairperson or vice-chairperson.

***Vice-Chairperson Supplement:** The supplement recognizes the role of the elected vice-chair related to activities including but not limited to acting as chair of meetings in the absence of the Chair, participation as a member or Chair of standing committees, and in the conduct of business of the RDCO both in consultation with the Chair and in their absence. The supplement for the additional duties of the vice-chair has been calculated at an average of two meetings per month, at a rate of \$100.00 per meeting (2) x 12 for a total of an additional \$2400.00.

****EA Director Supplement:** The supplement is calculated based on 25% of the Basic Remuneration for the first 5000 constituents or major portion thereof. When the number of constituents exceeds 5000, the supplement is calculated based on 5% of the Basic Remuneration for each thousand constituents or major portion thereof.

Example:

Number of constituents - 4,100 (rounded up to 5,000)

Adjustment - 25% of Basic Remuneration

$\$19,602.36 \times 25\% = \4900.59

Total remuneration ($\$19,602.36 + \4900.59) = **\$24,502.78**
