

REGIONAL DISTRICT OF CENTRAL OKANAGAN

BYLAW NO. 1585

A bylaw to regulate solid waste and set fees for the diversion and disposal of solid waste within the electoral areas

WHEREAS it is desirable to establish fees and set standards of use for solid waste management facilities owned by the Regional District of Central Okanagan in keeping with the Solid Waste Management Plan, environmental protection standards and providing for the enforcement of these standards;

AND WHEREAS the Regional District of Central Okanagan has established a local service to provide for the management of solid waste within the electoral areas by bylaw, being *Regional District of Central Okanagan Solid Waste Management Local Service Area Establishment Bylaw No. 577, 1993*;

AND WHEREAS the Regional District of Central Okanagan has an approved Solid Waste Management Plan;

AND WHEREAS section 315 of the *Local Government Act* provides that a Board may, by bylaw, regulate, store and manage municipal solid waste and recyclable materials, including facilities and commercial vehicles, in compliance with the *Environmental Management Act* and its regulations;

AND WHEREAS section 316 of the *Local Government Act* provides that a Board may, by bylaw, require people to use specified waste disposal or recycling services, require property owners or occupants to remove waste from their property and take it to a designated location;

AND WHEREAS section 378 [*Options for cost recovery*] of the *Local Government Act* states that section 379 [*Costs of services*] of the *Local Government Act* applies to regional districts in relation to their services;

AND WHEREAS section 397 [*Imposition of fees and charges*] of the *Local Government Act* provides that a Board of a Regional District may, by bylaw, impose a fee or charge payable in respect of all or part of a service of the regional district;

NOW THEREFORE the Regional Board of the Regional District of Central Okanagan, in an open meeting, enacts as follows:

4.0 Collection Systems

4.1 *Garbage, Yard Waste and Mandatory Residential Recyclable Material Collection Systems*

- 4.1.1 Every Owner of a Residential Dwelling Premise within the Collection Area shall use the Garbage, Yard Waste and Mandatory Residential Recyclable Material collection systems established by the Regional District and Producer Responsible Organization pursuant to this Bylaw and shall pay the rates and fees set out in Schedule “C” attached to this Bylaw, except those who have been granted a waiver of service by the Regional District.
- 4.1.2 The Regional District, or a contractor acting on behalf of the Regional District shall pick up all Garbage and Yard Waste set out at Residential Dwelling Premises within the Collection Area on the designated day of collection, provided it conforms to the terms of this Bylaw.
- 4.1.3 The Producer Responsible Organization and its contractor shall pick up Mandatory Residential Recyclable Material set out as Residential Dwelling Premises within the Collection Area on the designated day of collection, provided it conforms to the terms of this Bylaw.
- 4.1.4 Notwithstanding Sections 4.1.1, 4.1.2 and 4.1.3 of this Bylaw, the Regional District reserves the right to alter or exclude a Residential Dwelling Premise from the Garbage, Yard Waste and Mandatory Residential Recycling collection systems if collection costs, access routes or location are unsafe or unreasonable.
- 4.1.5 The Regional District reserves the right to refuse to remove all material that is not Garbage or Yard Waste, as defined by this Bylaw.
- 4.1.6 Recyclables Containers containing materials not identifiable as Mandatory Residential Recyclable Material will not be collected by Producer Responsible Organization or it’s contractor.
- 4.1.7 Residents of stratified residential properties to which access to each individual unit is only available via common strata property (for example, bare land strata or ordinary strata developments) may utilize the Garbage, Yard Waste and Mandatory Residential Recyclable Material collection systems established by the Regional District and Producer Responsible Organization pursuant to this Bylaw, upon application to and approval by the Department Director. Applications will only be accepted from the strata corporation, and only on behalf of the entire development. Applicants must demonstrate the suitability of the proposed pick-up location and access thereto, such that the Regional District or its contractor shall be able to collect materials set out for collection pursuant to the terms of this Bylaw. Such properties shall participate in the system, and shall pay all respective fees and charges, as if each strata lot were a Residential Dwelling Premise as defined by this Bylaw.

4.1.8 Every owner or resident shall be responsible for the lawful disposal of any garbage, including wastes that due to its nature, size or weight cannot reasonably be placed in a garbage cart.

4.2 ***Container Requirements - Residential***

4.2.1 Every Owner of a Residential Dwelling Premises within the Collection Area shall maintain in sanitary condition and in good order and repair the Garbage, Yard Waste and Recyclables Containers.

4.2.2 Garbage, Yard Waste and Recyclables Containers shall be kept on the Owner's Residential Dwelling Premises at all times and shall not encroach upon or project over any street, lane or public place except when placed on such street or lane for the purpose of collection under this Bylaw.

4.2.3 Unless exempted by the Department Director for reasons of physical disability, all Garbage, Yard Waste and Recyclables Containers shall be made readily accessible and with lids unlocked, pursuant to the provisions of Section 4.2.4 of this Bylaw, for emptying, between the hours of 7:00 a.m. and 7:00 p.m. on the day of collection only. For greater certainty, garbage carts must not be put out for collection the night before scheduled pickup.

4.2.4 For collection purposes, all Garbage, Yard Waste and Recyclables Containers must be placed within one metre and with wheels positioned away from the travelled portion of the lane, or the boulevard, adjacent to the Owner's Residential Dwelling Premise, or at a place designated by the Department Director. Carts must also be placed one half (0.5) meter from one another or another obstacle.

4.2.5 If Garbage and Yard Waste Carts and Recyclables Containers are enclosed in a structure, it shall be built with doors opening upon the pick-up side so said containers can be readily removed.

4.2.6 All Garbage and, Yard Waste Carts and Recyclables Containers shall be kept on the ground level and shall be readily accessible from the street, or lane abutting the Owner's Residential Dwelling Premises on collection day only.

4.2.7 Where collection of Garbage or Yard Waste from a stratified residential development has been approved by the Department Director pursuant to Section 4.1.7 of this Bylaw, a ready means of access shall, on the day of collection, be provided from the public street to the location of the Garbage, Yard Waste and Recyclables Containers placed out for collection. The access shall be unobstructed, satisfactorily maintained, and of sufficient size and kind to enable any authorized employee or contractor of the Regional District or Producer Responsible Organization to collect using normal collection efforts and procedures.

4.2.8 All Garbage and Yard Waste Carts and Recyclables Container lids shall be kept closed. Recyclables in open topped containers shall be prepared in a manner that prevents contents and litter from dispersing before collection.

- 4.2.9 All Garbage and Yard Waste Carts and Recyclables Containers and any structure used as a cover for such containers shall, at all times, be kept in good repair, clean and accessible for inspection at all reasonable hours.
- 4.2.10 All Mandatory Residential Recyclable Material are to be placed in the Recyclables Containers as per the requirements of the Producer Responsible Organization.
- 4.2.11 All Co-mingled Containers must be washed out prior to placement in Recyclables Containers for collection, or deposit at a Recycling Depot.
- 4.2.12 All Yard Waste is to be placed loosely in the Yard Waste Cart, and bagging or bundling of Yard Waste with string, ties or tape is not permitted.
- 4.2.13 From the beginning of March to the end of December Residential Dwelling Premise within the Collection Area and paying rates and fees set out in Schedule "C" attached to this Bylaw, shall be permitted to place a Yard Waste Cart at the curb for biweekly collection.
- 4.2.14 The Regional District may suspend collection service from properties where location or design of pick-up facilities are contrary to the provisions of this Bylaw. Such suspension shall not waive any requirement or abate or waive any changes or rates under the provision of this Bylaw.
- 4.2.15 Additional Garbage, Yard Waste Cart Service:
- 4.2.15.1 An Owner may request in writing that the Regional District provide a Large Cart for Garbage, or Yard Waste service and/or up to two additional 360 litre yard Waste Carts (see Schedule "C" for fees).
- 4.2.15.2 The Regional District may allocate to an Excess Producer, Garbage Carts of sufficient size and number to make up the deficiency between Garbage produced and Garbage Cart collection services purchased.
- 4.2.15.3 If the request referred to in Subsection 4.2.15.1 is approved by the Department Head, the rates for such services (Large Cart Fee) will be entered by the Director of Financial Services.
- 4.2.16 Requesting a Reduction in Yard Waste Service
- 4.2.16.1 An Owner may request a reduction in the number or volume of Yard Waste Carts; and
- 4.2.16.2 The Regional District may approve the request if the Department Director is satisfied that a reduction will not cause the property to become an Excess Producer; and
- 4.2.16.3 The Owner will not receive any reduction in the Collection Fee (Schedule "C") per Section 4.1.1 of this Bylaw.

4.3 ***Container Requirements – Non-Residential***

4.3.1 Every Owner of premises other than Residential Dwelling Premises shall provide containers sufficient in size and number to contain all Garbage and Recyclable Materials without spillage and in a sanitary condition at all times, and all such containers shall meet zoning and other applicable requirements for size, location and access.

- 3.0 If Garbage or Yard Waste Carts become damaged, upon approval by the Department Director, costs of the repairs may be charged to the Owner of the Residential Dwelling Premise.
- 4.0 Owners of all parcels of land, including Owners of property who have been granted a waiver of service, pursuant to Section 4.1.1 of this Bylaw, or who have been excluded pursuant to Section 4.1.3 of this Bylaw, will be levied the Regional District Solid Waste Management Services Fee as a parcel tax. This fee for Solid Waste Management Services shall not exceed the amount defined in *Regional District of Central Okanagan Solid Waste Management Local Service Area Establishment Bylaw No. 577, 1993*.
- 5.0 New accounts will be billed from the date of request for final inspection on a pro-rated basis.
- 6.0 Residential Dwelling Premises shall be invoiced with a utility bill sent at a minimum of twice yearly by the Regional District to cover the costs of the Garbage and Yard Waste collection. Payments received are applied firstly to arrears, then to current charges. New accounts are billed from the date of request for final inspection of the applicable building permit works (or two months after insulation inspection if final inspection is not requested in a timely manner), on a pro-rated basis.
- 7.0 The following terms, conditions, and penalties of payment apply to participants of the residential collection system and North Westside Transfer Stations and Traders Cove Transfer Station:
- 7.1 Fees will be billed quarterly or other established intervals and all fees and charges shall be due and payable 30 days after the billing date.
- 7.2 A late payment penalty of four percent (4%) will be assessed each quarter (compounded quarterly 16.99% per annum) on all outstanding balances accrued under this Bylaw or its predecessors and not paid by the due date.
- 7.3 The costs, rates, charges, fees and/or penalties required to be paid by this Bylaw shall form a charge against the parcel serviced, and if such costs, rates, charges, fees and/or penalties are unpaid on December 31st of the year in which they become payable, they shall be entered by the Regional District's Collector in the Collector's Roll next prepared, and transferred to the tax roll in the next succeeding

year as arrears of taxes against the parcel from which they arose, and such amount may be recovered with interest at such rate as may be authorized from time to time by the *Local Government Act*, in like manner as municipal taxes. Payments must be received by December 15th to ensure adequate processing time at year end.

SCHEDULE "D" PROTOCOL FOR DISPOSAL OF TREATED BIOMEDICAL WASTE

Treated Biomedical Wastes are permitted for disposal at the Landfill, subject to the following provisions.

1. Small Generators of Biomedical Waste – Small generators of needles and sharps (e.g. home, medical, dental, veterinary, or pharmacy) who are using or collecting syringes and sharps must disinfect the needles and sharps and dispose into garbage in a rigid container. The containers must be autoclaved or contain industrial strength bleach (11%) for disinfecting or certified disinfected by another method prior to disposal at the Landfill or certified through an authorized waste disposal contractor.

Syringes that were used for withdrawing blood, other sharps and non-treated biomedical waste must be autoclaved prior to disposal at the Landfill or through an authorized waste disposal contractor.

2. Large Generators of Biomedical Waste – Large generators of needles, sharps and other non-treated biomedical waste (e.g. hospitals) are required to autoclave prior to disposal at the Landfill or through an authorized waste disposal contractor.
3. *Home Use* – Sharps for disposal from home should be returned to the place of purchase or disposed in accordance with Protocol #1 (Small Generators of Biomedical Waste) above.
