

	Work	Description	Agency	Contact information
1.	Power / electrical service	<p>Work with LOR to replace electrical infrastructure.</p> <p>Or strata corporations (not owned by LOR) could negotiate the delivery of electrical power directly with BC Hydro. This would include dealing with any required easements/rights-of ways on LOR properties needed for transmission lines and other electrical infrastructure.</p>	BC Hydro	<p>The strata corporations could work with BC Hydro to assess the costs and potential for a commercial connection:</p> <ul style="list-style-type: none"> • Susan Tarbit, • susan.tarbit@bchydro.com • https://app.bchydro.com/accounts-billing/electrical-connections/multi-residential-commercial-connections.html <p>For any other BC Hydro questions:</p> <ul style="list-style-type: none"> • David Cooper, Public Affairs Coordinator • David.cooper@bchydro.com • 250-549-8581
2.	Drinking water	<p>Work with LOR to restore drinking water infrastructure.</p> <p>Or the strata corporations could hire a qualified professional to design a water treatment system and submit this plan to Interior Health for approval.</p> <p>Interior Health requires permits for potable water treatment systems with two or more connections within a strata complex. The buildings existing water connection would have to be severed from the old LOR water system to avoid cross-contamination. The qualified professional may also need to assess any in-building piping to determine if it is sound and that it did not suffer damage from the fire or freezing last winter.</p>	Interior Health	<p>Contact at IH for residents/Strata Corps considering their own potable water system is:</p> <ul style="list-style-type: none"> • Keyana Bjornson, IH Drinking Water Officer • keyana.bjornson@interiorhealth.ca

		<p>Easements/rights-of way or right of ways for lines or other utility infrastructure would also need to be considered.</p> <p>In a concurrent process, a water license from the Ministry of Environment would also be required.</p>	Ministry of Environment	<p>Water licensing:</p> <ul style="list-style-type: none"> • Casandra Caunce, Director • Ministry of Environment • cassandra.caunce@gov.bc.ca
3.	Wastewater	<p>Work with LOR to restore wastewater infrastructure.</p> <p>Or strata owners could hire a qualified professional to design a system that could be submitted to Ministry of Environment for consideration.</p> <p>A community wastewater facility may be required if there is not enough land/distance from the lake to construct suitable individual disposal fields.</p> <p>Easements/rights-of way or right of ways for underground utility infrastructure would also need to be considered.</p>	Ministry of Environment	<p>Contact for strata corporations considering their own sewage treatment system is:</p> <ul style="list-style-type: none"> • Darren Stewart, Ministry of Environment Section Head • darren.stewart@gov.bc.ca
	Building Permit Process	<p>For the rebuilding process including renovation permits, demolition permits, form and character permits, building permits and building inspections.</p> <p>**Note demolition permit fees are waived for properties impacted by the McDougall Creek wildfire.</p>	Regional District of Central Okanagan	<p>Contact to start building permit process is:</p> <ul style="list-style-type: none"> • requests@rdco.com <p>**Note: It is advisable to consult with Planning and Inspections staff to review proposed development prior to submission of building permit application.</p>

	<p>Archeological Site Impact Permit Process (KAS 3867 and KAS 3858)</p>	<p>Archeological sites are protected under the Heritage Conservation Act and must not be altered without a permit issued by the Province of BC's Archeology Branch. You must obtain a s.12.4 alteration permit issued by the Archeology Branch before conducting activities that will impact a protected archeological site. KAS 3867 and 3858 have a direct overlap with a protected archeological site.</p>	<p>Ministry of Forests – BC Archeology Branch</p>	<p>Contact the BC Archeological Branch at:</p> <ul style="list-style-type: none"> • BC Archeological Branch, Ministry of Forests • archeology@gov.bc.ca • 250-953-3334 • Submit a data request form to inquire about an arch site within your property or project area at www.archdatarequest.nrs.gov.bc.ca
